**Subject:** Nate Wiese Assistant Manager is the point of contact for NPDES  
**Importance:** High

All,

Nate Wiese, Assistant Hatchery Manager will serve as the point of contact for all NPDES coordination, reporting and dialogue for the Dworshak Fish Hatchery from this point forward. As the Assistant Manager, Nate is part of the Dworshak Management Team and we feel it is important to administer the NPDES from the management level to ensure we carry a consistent message relative to NPDES status, permitting and reporting. Please direct all inquiries relative to NPDES directly to Nate to maximize consistent communication and coordination. Nate will communicate and coordinate all outgoing communication and correspondence on behalf of the hatchery as well. As appropriate, please forward this email onto others that I may have missed.
